

CURRENT CONSTRUCTION AREAS

SALT LAKE COUNTY

- In initial construction, two outside lanes will be built in each direction with signalized intersections where future interchanges will be located
- The conversion to a full freeway will be a part of future phases

UTAH COUNTY

- In initial construction, two lanes will be built in each direction, with signalized at-grade intersections where future interchanges will be located
- The full 2100 North roadway will be built in phases as growth and need dictate and as funding becomes available
- New bridges will be built at the Jordan River and the future FrontRunner line.
